Principal's News

NAIDOC Week 2020 "Always was, Always will be."

Last week we celebrated NAIDOC Week. The theme for NAIDOC Week was, 'Always was, always will be'. This year's theme recognises that First Nations people have occupied and cared for this continent for over 65,000 years. The very first footprints on this continent were those belonging to First Nations peoples. Aboriginal and Torres Strait Islander people were Australia's first explorers, first navigators, first engineers, first farmers, first botanists, first scientists, first diplomats, first astronomers and first artists.

NAIDOC Week reminds us of the First Nations people's deep spiritual and cultural connection to this country.

End of Year Presentation Assemblies K-6 and Year 6 Graduation / Farewell

The NSW Department of Education recently released an update to our Term 4 COVID guidelines. These guidelines cover the holding of Year 6 formals and graduation and presentation day assemblies. We have studied these guidelines closely and have made plans for the end of the year accordingly.

Last week communication was sent to parents and carers detailing the arrangements for our end of year assemblies and Year 6 graduation. In order to comply with the updated guidelines (and the 4 square metre rule) we will be holding all presentation assemblies and the Year 6 graduation assembly on our netball court. Our K-2 presentation assemblies will be held on Tuesday 8 December 2020 across the whole day with each grade being split into 2 assemblies so that we can accommodate **ONE** parent or carer per student at each assembly. Our 3-6 presentation assemblies will be held on Wednesday 9 December 2020 with grade assemblies across the whole day so that we can accommodate ONE parent or carer of each student receiving an award. As per previous communication:

- The proceedings will be videoed and uploaded to the school's private YouTube channel. Parents will be provided with a link to access the video.
- Parents are to enter the school via Rushall Street, having scanned the Covid QR code or handed in their COVID form at the Rushall Street school entry.
- **Parents are required to socially distance at all times.**
- At the conclusion of the event, parents are asked to leave the school grounds quickly via Rushall Street.

Please note, that in case of rain, assemblies will be held in the hall and due to COVID restrictions, without parents or carers or visitors. **Should this occur, the school will notify (as soon as possible) parents and carers via the school's SchoolStream app.** In the event of rain, assemblies will still be videoed in the hall and made available to parents and carers as planned.

We have developed these arrangements in line with Departmental and NSW Health guidelines while doing our best to provide students and parents an opportunity to celebrate the end of the school year. The videoing and uploading of these events is at a cost to the school and designed to provide family members with the opportunity to still view these events. Your understanding, cooperation and support in this matter is greatly appreciated.

Amazing Pymble Brain Race

This term we have run our annual 'Amazing Pymble Brain Race'. The event began in Week 3 with our K-2 teams and only ended today during lunchtime with our 3-6 team finalists. There has been great excitement throughout the course of this event as students have scrambled to solve clues, challenges and puzzles. This year we have had the highest participation rate, with about two thirds of our students K-6 entering the race.

I'd like to thank Mrs Lee-Joe and her team of supporting teachers for providing this amazing and wonderful opportunity for our students. Many hours and hard work has gone into preparing and running this event, which our students truly benefit from.

Congratulations to all participants and to the winning teams.

Student Leaver's Form

If your child is not returning to PPS in 2021 (other than Year 6 students) and you have not yet let the school know, can you please complete and return the student leaver's form attached or email the School Office.

Everyday Maths Hub

The Department of Education has launched an **Everyday Maths Hub** for parents on the DOE website. Parents and carers can support their child's mathematical skills and understanding with fun, practical and creative activities. The hub can assist parents to explore everyday mathematics through the topics your child may have learned about in the classroom. I encourage you to explore the hub on the DOE website or through the following link:

Australian Dental Health NSW

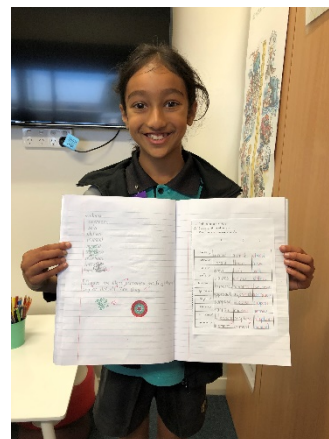

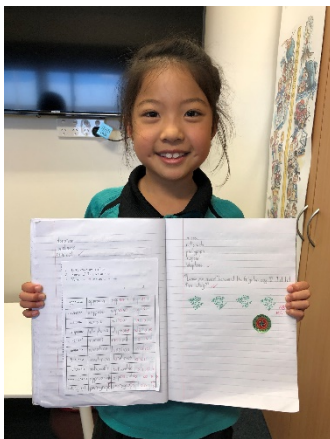

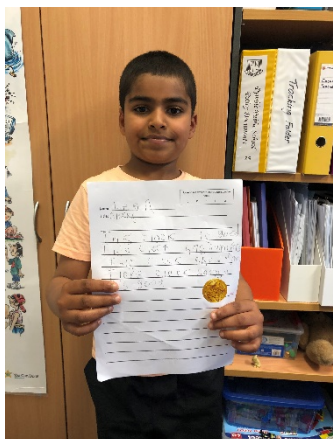

The ADHNSW Dental van will return to PPS on the week commencing Monday 30 November 2020.

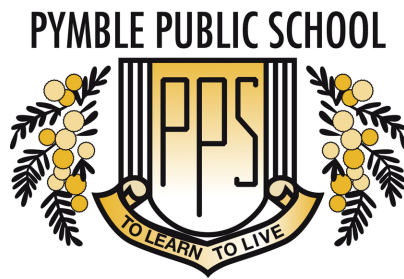

Light Up Learning

This fortnight, I had the pleasure of viewing some fabulous work samples from our Year 2 classrooms. Congratulations to these students who received a Deputy Principal's sticker for their outstanding work in spelling and writing.

NAIDOC Week

NAIDOC week was celebrated last week on Wednesday 11th November. This years theme was 'Always Was Always Will Be.' The 2020 National theme was developed to shine a focus on the length of Aboriginal and Torres Strait Islander occupation of Australia. To acknowledge this event, students dressed in the colours of the Aboriginal and Torres Strait Islander flag, researched NAIDOC week and its importance and created informative, decorative posters.

The Amazing Pymble Brain Race

This term, we were able to run our Amazing Pymble Brain Race.

Again, the lunch time playgrounds were abuzz with groups of students solving puzzles and riddles.

K-2 began the event in Week 3. The children solved colouring puzzles and word puzzles. They followed instructions to find word keys, did scavenger hunts and fished for clues in buckets of water. It ended with a riddle that had to be solved to get a 4-digit code to a locked box. With a Pit Stop along the way, it took the winning teams 4 days to complete.

In Week 4, our years 3-6 students raced for four days, solving eight major puzzles. During the race, they had to solve mathematical and word puzzles, do a folding puzzle, make construction puzzles, interpret riddles, do a scavenger hunt, complete an electrical circuit and decode a cypher using a key. We had a Pit Stop before the top 3 teams had an exciting "Survivor" style race to the finish involving water cannons and a 3D puzzle!.... I'm exhausted just writing about it!

This year we had a record-breaking number of teams registered K-6 with approximately 397 students taking part. As usual, the buzz of excitement in the playground was palpable. It was great to see so many students having fun with their problem-solving activities. Our students demonstrated enthusiasm, persistence, resilience and good sportsmanship throughout the race and should all be commended for their efforts.

I would also like to thank all the dedicated teachers who made this possible, especially our Brain Race Committee: Miss Jones, Miss Creeley, Miss Hampton, Mrs Brown, Miss Hann, Mr Dormer, Mr Sillato, Mrs Battaerd, Mrs Henkin, Miss Lazic-Kirk and Mrs Ryan. Also, all the other teachers who helped out during the race. These staff gave up multiple recess and lunches to help, and supervise. Also, a thank you to Mr Burke who always comes through with props and caution tape!

I also want to thank my fabulous student Media Team: Max W. 5J, Adi K. 5A and Oscar N 5A. Keep an eye out for their video slideshow on the website when it is finished!

Thanks to all our enthusiastic students for making the event such fun.

Library News

Borrowing has finished for this year and all library books need to be returned, preferably this week (Friday 20th), but at the latest by the end of next week (Friday 27th). Home readers will need to be returned to the classroom (not the library) so please have a look around for any lost readers.

Thank you to everyone who has already found and returned any of the long term outstanding loans. At this time every library resource, borrowed by children and teachers, individual items or home readers and sets used in the classroom need to be returned to the library for counting and organising. If you are sure that the books are not at home please send your child to the library at lunch time and together we will check the shelves (there isn't time during library lessons). Most classes are doing very well with the long term overdue and I am sure current returns will come back shortly.

It is particularly important for year 6 and any other children leaving the school to ensure that they have returned all books before they leave the school.

If there are any parent coverers who have books, tape and scissors at home from before lockdown, please return them to the school as soon as possible, and thank you for the work that you have done for the children's library.

If you have any questions or would like more information please contact me in the library.

Band News

Junior Band 2021

We are thrilled at the number of students who have signed up to be part of the 2021 Junior Band, it's great to see so much excitement for our band program. We will be sending out instrument allocations in the next few days. Watch out for an email from pymbleband@gmail.com. Once you get your allocation you need to set up one-on-one lessons for that instrument for next year. There will be details of tutors who teach at PPS in the letter, or you can find one outside the school. We look forward to you being part of our musical community.

Performance for Friends and Family

We are still aiming for the afternoon of Sunday 6th December, for an opportunity to showcase the what the bands have achieved this year. Due to Covid restrictions, the celebration will be online via Zoom, we will send more details as soon as it is all locked in. All performances will be videoed prior to the online celebration. This online concert will be open to all the school community please blocked out the afternoon to hear how well the kids have rehearsed during the year from online rehearsals to the standard they are today.

PPS Band Program Needs You!

The PPS Band Program thrives on a fantastic subcommittee who work with the school and the conductors to ensure our kids get an amazing musical experience. We are after two people to fill the following positions:

Junior Band Parent – communicates with the band families, conductors and committee and coordinates the volunteer roster for each rehearsal. Support and guidance is provided by the band committee and conductors.

Instruments Coordinator - admin support for instrument allocations and repairs. No details knowledge about instruments required. Support and guidance is provided by the band committee and conductors.

Please email pymbleband@gmail.com if you are interested in either of these roles.

Thanks,
Zannie and the Band Committee

The P&C held its annual general meeting last Wednesday 11th November. It was terrific to see a great turnout of current members and many guests; the meeting was conducted via zoom.

Amongst other formalities of an AGM, including presentation of the annual accounts and report, the election of the new Committee for 2021 was conducted; thank you to Mr Diodati for overseeing this process and to Mrs Doig for attending.

There are a number of new people joining the Committee who are warmly welcomed and many of the 2020 Committee members are staying on, whose experience and continued commitment is greatly appreciated.

The 2021 P&C Committee members are detailed below – please get in touch with the relevant members to raise any issues you'd like to see addressed or ideas you'd like to see brought to life next year. Thank you to all the 2021 members who have nominated for formal roles; it's great to have you on board.

All those who attended the AGM will be sent the minutes of the meeting in due course – if you were unable to attend, but would like a copy, please request at secretary.ppspc@gmail.com.

As the new Committee takes shape and starts planning for next year, we'd like to thank the outgoing members for their contribution this past year. Tisa van den Heuvel, as President for the past three years – thank you for your considerable commitment and enthusiasm to the P&C and the school, you will be greatly missed. Ben Chambers, as Vice President and Digital Communications – thank you for the substantial work you did behind the scenes maintaining the P&C website, database and overseeing the digital infrastructure; you are greatly missed. We'd also like to acknowledge all those parents who are stepping down from the Instrumental (Band) Sub-Committee: Linda Henderson, Lisa Ting, Michelle Bell and Rachelle Wilson – thank you for your significant efforts in what has been a challenging year for the band programme.

Our school community is so fortunate to benefit from the volunteering efforts of so many individuals – not just in formal roles on the P&C. For many of you this could well be your last year at Pymble Public School and your contributions over many years at the school are greatly appreciated. To all past members of the P&C, its various Sub-committees, class parents, band parents and general helpers and volunteers at all school events – thank you. In part, it is this sense of community spirit that makes our school such a great one. For those of you leaving PPS, we hope you find equally active communities in the new school communities that you and your children join.

Whilst all the office bearer roles have been filled for the 2021 Committee, the P&C would love to hear from parents and carers who would like to get more involved next year, especially in the areas of events management, fundraising and digital infrastructure. Additionally, the Instrumental (band) Subcommittee needs volunteers for Instruments Coordinator and a Junior Band Parent – please reach out to us if that's something you can help us with.

More generally, please consider coming along to a meeting to hear what's planned and have your say – you don't need to have an official role to get involved. Our next meeting is scheduled for Wednesday 10th February 2021.

Let's end this topsy-turvy year by spreading some joy!
